SUMMARY

I am an ambitious data analyst with a master's degree in Audit and Management Control, currently enhancing my skills through the ALX Data Analytics program. Combining financial expertise with data-driven strategies, I focus on helping organizations improve performance and drive smarter decision-making. Known for analytical thinking, problem-solving, adaptability, and a commitment to continuous learning and effective project execution.

WORK HISTORY

Business Administrator

FEB 2025

SGS Group, Job, Morocco

Challenge: Faced with inefficiencies in managing a client portfolio and purchasing processes, which hindered timely payments and decision-making.

Action: Managed the full client billing and collection cycle, streamlined the end-to-end purchasing workflow from request to delivery, and developed KPI dashboards to monitor key performance indicators.

Result: Improved operational efficiency and optimized decision-making processes, leading to a 25% increase in performance effectiveness.

Accountant

2023 - 2024

Maroc Climate & Security, Job, Morocco

Challenge: Inconsistent and inaccurate client account balances were impacting financial reporting and cash flow management.

Action: Took responsibility for verifying and analyzing client accounts, performing detailed account reconciliation, and ensuring accurate matching of accounts receivable.

Result: Achieved a 95% accuracy rate in account balances, significantly enhancing the reliability of financial data.

Running

Assistant for Major Accounts

2022 - 2023

Servier Group, Mission, Morocco

Challenge: Reporting inefficiencies and limited visibility into the execution of client contracts were slowing down decision-making processes.

Action: Managed key client orders, monitored contract execution, and designed and implemented streamlined dashboards to enhance data visibility and reporting flow.

Result: Improved reporting efficiency by 25%, enabling faster, data-driven business decisions and better contract tracking.

Accounting Associate

2021 - 2022

Accounting Firm Alliot, internship, Morocco

Challenge: Clients needed accurate and timely financial reporting to meet regulatory and operational deadlines.

Action: Managed full-cycle accounting for a portfolio of clients, including tax declarations and monthly/year-end closures.

Result: Improved reporting accuracy and timeliness, enhancing clients' financial visibility and optimizing their decision-making processes.

Customer Service Advisor

2019 - 2020

Majorel Group, Morocco

Resolved over 95% of client issues on first contact, leading to a **20% increase in customer satisfaction** within three months by implementing proactive follow-ups and optimizing service processes.

Business Affairs Officer (Final Year Project)

2018

Attijariwafa Bank, Morocco

Analyzed over 50 credit files using a scoring method, which significantly **improved the accuracy of risk assessments**; developed a **comprehensive risk map** of the credit approval process, helping to **reduce potential financial risks**.

Management Controller

2017

The National Office of Railways of Morocco (ONCF)

Internship, Morocco

Monitored department budgets, analyzed variances, and identified cost optimization opportunities to improve financial performance.
